Congratulations

on your engagement and forthcoming wedding -
you must be very excited!

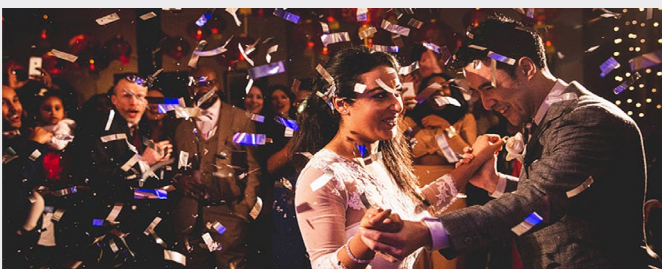

Thank you for taking your time to read our brochure - your wedding is as special and important to us as it is to you and we are delighted you are considering us for your wedding team. Bearing in mind that 81% of guests said that what they remember most about a wedding after the bride's gown and the wedding ceremony was the entertainment, it is essential you make the right decision for your once in a lifetime celebration. Your guide to planning your Mighty Fine wedding entertainment starts here.

Your wedding deserves the best and that's why you should have a Mighty Fine DJ

We understand that you are looking for complete confidence from your wedding entertainment and Mighty Fine are on hand from day one helping you to explore all the various options available to you in terms of music, lighting and production.

Mighty Fine are a distinguished team of professional DJs, including world-renowned DJ, Mark van den Berg (AKA Mark Luvdup), who are heralded as pioneers in the wedding industry, dispelling the myth of the cheesy disc jockey and bringing a new breed of wedding DJs into the 21st century.

Our expertise, service, dedication and attention to detail is second to none and has enabled us to win the "Best Wedding DJs in London & South East" award for 3 years running as well as "Best Wedding DJs in England" in 2013 at The Wedding Industry Awards. Mark has been on the judging panel since 2016 and judges all the wedding DJs in the land.

Music – Will I Get What I Want?

We actively encourage your musical input (it is your wedding party after all) and we have a playlist builder on our website to help you create a list of requests for your DJ to play. We adhere to your requests at all times and do not go off-piste. For a bit of fun we can even allow your guests to make a specified number of requests via the playlist builder (with you maintaining ultimate control). We will also gladly accept requests during the party if you would like us to. Mighty Fine DJs are experts at blending music styles to suit all generations and cultures and we will ensure everyone is kept happy and dancing.

“Mark, you are officially the best DJ in the world. All our guests say so, including those that wished they knew about you before they married, themselves! Your work in MCing throughout the day was invaluable, and your versatility and ability to read the room is magic. We are so lucky to have found you. So many of our guests said that the day was perfect and the best wedding they had ever been to - that's all down to you. Thank you so much.”

DJ Style

You can rest assured that you are in safe hands with a Mighty Fine DJ. With our award-winning team having travelled the world performing in some of the most exciting venues and clubs, producing and remixing many famous artists, you can be confident that you have a dedicated music aficionado on your wedding team. It goes without saying that all our DJs have very high technical mixing abilities that will create a thoughtful seamless flow from track to track. We do not talk unnecessarily on the microphone. Our dress code is always dictated by the bride & bridegroom but usually a smart suit and shirt will be worn.

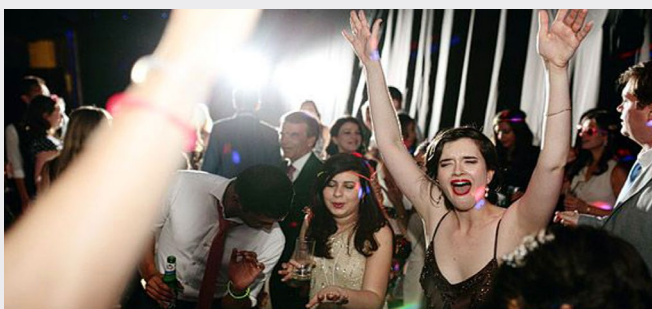

Microphone Usage

This is often the most feared aspect of hiring a DJ, will they keep talking over the microphone? We are professional and credible DJs and as such let the music do the talking. We don't believe in talking unnecessarily on the microphone but will happily make any announcements and dedications you have requested.

What If Mighty Fine Haven't Played At My Venue Before?

Mighty Fine have had the pleasure of working at most of the prestigious venues in London and the South East, however, if we haven't played at your venue before then we will most certainly take the time to visit the venue and meet the event team to make sure we are fully acquainted before your big day. We can also provide the necessary Public Liability and PAT Certificates as well as Risk Assessments if required.

Setup Options

We provide numerous setup options and will always look to achieve a stylish and aesthetically-pleasing look to compliment the venue and your theme. This is an exciting part of the planning process and we have plenty of examples on our Pinterest boards to help you with your ideas.

“From the moment Mark took the time to come to our house to discuss our wedding and to find out what we wanted on our wedding day we knew he was our DJ. Apart from the amazing customer service through-out, great setup, and speaking with all the wedding suppliers on the day to ensure it all ran smoothly, he played fantastic music and kept everyone dancing all night with music genres to suit everyone - even our 80+ grandparents stayed until the early hours. The light set up looked great. We would recommend you to anyone for their wedding.”

Bands, Musicians & Acts

Mighty Fine are able to supply a very wide range of bands/musicians and acts for all parts of your day. From a string quartet for your ceremony to a jazz duo for your drinks reception – from a pianist for your wedding breakfast to a party band for your reception party, or how about live sax and/or percussion to play along with your DJ - we've got you covered.

Lighting

Mighty Fine offer an extensive array of modern, high performance lighting effects to create the atmosphere and ambience that will be in keeping with your theme/style. From moving heads to mirror/disco balls to lasers, you choose the lighting you would like. All aspects of our lighting effects can be controlled by us (including colours, shapes, brightness and speed of movement), so that they are perfectly in tune with the mood and energy of your wedding at all times.

Confetti Shower

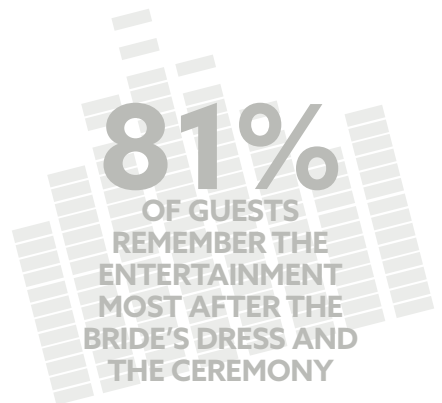

Create the ultimate celebratory effect with a sparkling explosion of colour and drama with a confetti shower - often used during the first dance and last song of the night.

Dancing on the Clouds

Turn your first dance together as husband and wife into a magical moment with the illusion of "Dancing on the Clouds". By using dry ice we will create an amazing atmospheric special effect that will have your guests running for their cameras and reaching for their handkerchiefs.

"We honestly had the best night of our lives! Marcus, you're amazing, we still can't believe just how well you mixed everything, everyone is still raving about the music, the best they've ever been to apparently, I know you know just how much Pete loved it ;) Thank you SO much, we're actually trying to think of reasons to hire you again."

Uplighting

Often overlooked, uplighting can provide a dynamic part of the lighting production at any wedding. These powerful and beautiful lights transform any space – whether you would like a subtle wash of colour across the walls and/or ceiling – or just certain features of the room highlighted, we can install colour co-ordinated uplighting that will enhance your venue. Using the latest battery-powered lights we can set the lights almost anywhere with no unsightly cables to worry about.

Other Services Include

Dancefloors (white LED, black LED, colour LED, plain white, plain black, black & white mixed and parquet), LED backdrop curtains, ambient lighting effects, fairy lights, smoke/haze machines, bubble machines, projections, video screens, LED furniture, staging, general theming etc

Backup Plans

In the highly unlikely event of your DJ being ill on the day, Mighty Fine guarantees a suitable replacement who has been fully briefed in all aspects of your wedding. All DJs have top-level roadside assistance and will be delivered to your venue in the case of vehicle breakdown. All DJs carry spares to deal with the exceptionally rare event of equipment failure.

What Happens Once I Confirm My Booking?

Once you have confirmed your booking with Mighty Fine Entertainment you will receive a contract outlining all event details. A 50% Reservation Fee is payable to secure the booking with the balance due two weeks prior to your wedding. Mighty Fine accept payment by BACS, Cheques and Credit Card.

We'd love to hear all about your wedding day and become part of your team so contact us today for a no-obligation meeting and quotation.
